

One weekend in a German host family

[aubiko  e.V.]

One weekend in a German host family

We want to enable boarders to experience German family life. How do Germans spend their weekend? What do the families eat for breakfast? What are the common norms at sharing the same table? What do they do in their free time? What are the conversations about? All this things you will experience as a host in a German family!

WELCOME!

Conditions and procedure

Being a host in a German family is something very special, therefore following conditions are important:

- 1.) You are open and interested in discovering the German family life.
- 2.) You are ready to integrate and adjust yourself in a new family.
- 3.) You are ready to share your culture and to be an active member of the host family.

Procedure:

1. Write an application with a short profile, some pictures and a personal letter.
2. In your free weekends we find a lovely host family for you, which will welcome you warmly in the family.
3. Together with your boarding school we'll organize your arrival and departure and we will prepare you for your stay.
4. If you will have a good rapport with the family, you can tell us that you would like to spend more free weekends there or even your holidays. Otherwise aubiko will choose a family for you.

Exchange, Education and Communication all in a global and intercultural context – it is with these in mind that aubiko was founded. Our aim is to create possibilities for intercultural encounters, which are the key for international understanding. Therefore, we make different projects for high school and university students.

We possess the relevant know-how to gauge and address the needs not only of international students, but also internationally-oriented universities.

Our areas of expertise include:

- The teaching of the German language at all levels (from basic to academic), including preparatory courses for university entrance level examinations (for example TestDaF)
- Student advisory services in relation to the application process, course requirement and German academic standards.
- Development of intercultural exchange through cross-border academic and cultural projects between universities.
- Experience with international high-school exchange programmes.
- University internationalisation projects.
- Delivery of intercultural competencies for global and internationally active companies and organisations through intercultural training seminars and coaching sessions.
- Comprehensive and constantly growing global network of educational partners.
