## German and Football in Hamburg

Hamburg is the second largest town in Germany and it is a harbour city with a multicultural atmosphere. With its various parks, canals, attractions, shopping facilities and activities, the inhabitants of Hamburg are justifiably proud of „Germany’s most beautiful city“. We would like to practice German with you and show you the environment over here both intensively and with pleasure. We will also go on excursions to Bremen and Lübeck. The youth education centre is located quiet, yet central. It has a huge sports field and we will have enough time to play football. In the German class vocabulary and regional studies will be taught in the first place – especially regarding the subject football. Most importantly, we want you to be interested and enjoy the German language and culture. Needless to say, every day will start in the class room and on the football field. However, the afternoons will be for practicing your language skills and for going on trips.
