

Intensive German Language Course for university students in Kiel 20.07. - 14.08.2020 (4 weeks)

Intensive German Language Course for university students

German is the native language of around 100 million people and is spoken in some of the strongest economies in the world. A good reason to go ahead with it, if you are considering a career in Europe!

As there are a lot of famous cities in Germany like Berlin, Munich and Hamburg why should you swim with the masses? We prefer doing something special and showing you cities of Germany which foreigners normally don't know despite their size and beauty. So we are offering an intensive German language course at the university of Kiel, the city by the water!

Kiel has a long shipbuilding and naval tradition but today it is characterised by its vibrant student scene, laid-back lifestyle and urban flair. You can sense this atmosphere from the city's beautiful setting on the Kiel Fjord, its modern and spacious city centre and Dänische Strasse, a street of late-19th century buildings full of maritime charm in the heart of Kiel. Here you can learn German in a relaxed and personal atmosphere.

Intensive German Language Course for university students

All courses are taught by highly qualified and experienced teachers of German as a foreign language. We have a maximum of 15 participants per group. Besides the German language we also focus on understanding the local culture. Integration is very important to us. Our German courses are communication-oriented and the teaching is focused on the course participants. If you are interested we will also help you to find the right university and course for you. We will guide you through the necessary administrative steps such as registering with the various authorities, arranging your insurance, and applying and enrolling at your chosen university. Additionally, we offer a range of intercultural seminars and courses to get you ready for everyday life in Germany as well as the German learning culture. You will learn about the terminology of your courses and how to understand academic texts in the field in which you plan to study. To study in Germany is certainly different from what you are used to.

Next to the courses we will see Lübeck, Hedeby, Schleswig and Hamburg. We also will arrange many sight seeing tours through Kiel and use the vicinity to the ocean for sailing.
